Hurricanes & Insurance

As the 2020 hurricane season continues, we cannot stress enough how critical it is to prepare before the next storm is announced. Experts have predicted an above-average storm season, and insurance policies may contain some limitations and/or some exclusions. Make sure your home and family are protected. Now is the time to review your homeowner's insurance policy to better understand your coverage.

The following tips could help you prepare:

1. Do you have FLOOD INSURANCE? Standard homeowner's insurance policies do not cover flood damage. If you live in a flood-prone area, contact your Estrella Insurance agent and ask about flood insurance.
2. Are you COVERED? The value of your home and possessions may have increased during the past several years. We can help you review your insurance policy and check your coverage limits.
3. Don't wait until the last minute! Property insurance companies do not accept new applications or requests to increase coverage once a hurricane is on its path. Verifying your coverage before a storm is looming is your best bet for finding a policy that meets your needs. Additionally, some flood insurance policies take up to 30 days to go into effect, so the earlier you act, the better!

For more information about reviewing your insurance policy, contact your local Estrella Insurance agent.
