Open Enrollment Period

What's the Plan for Your Health?

Healthcare Open Enrollment Period (November 1st – December 15th)

The annual **Open Enrollment Period** has commenced. That means you only have until **December 15, 2020** to enroll in a health insurance plan and secure coverage for 2021. As you may know, you can usually only enroll in a plan during this time unless you qualify for a Special Enrollment Period (SEP).

SEP qualifications may include:

- You got married
- You had a baby
- You lost your health coverage

If you receive health benefits through your employer, you may have a different Open Enrollment Period. Check with your employer to determine their plans. You can enroll in Medicaid or the Children's Health Insurance Program (CHIP) at any time during the year.

Estrella Insurance can assist you in finding the most affordable coverage and help you enroll in a plan that's right for you. [Click here to find participating locations.](#)

Toys For Tots Drive

Toys for Tots is one of the most successful holiday toy drives in the world. To date, 584 million toys have been distributed to 265 million disadvantaged children and families in communities across the country. Estrella Insurance is doing its part to bring a bit of holiday

cheer to deserving kids. I think we can all agree that everyone is need of joy this year.

If you would like to donate a new, unwrapped toy simply drop it off at any of our Estrella [locations](#). You have until Friday, December 11 to drop off your toys.

For more information about Toys for Tots, click [here](#).

Holiday Celebration Recommendations from the CDC

One of the best things about the holidays is the opportunity to get together with family and friends. There are holiday parties, office parties, school concerts, special worship services, and traveling to see relatives. COVID-19 has already changed so much about our daily lives, and the holidays will be no exception. The [Centers for Disease Control \(CDC\)](#) recognizes that those attending holiday gatherings could end up spreading the virus.

The CDC has put out several recommendations designed to keep you and your loved ones safe during this time.

If you're hosting a holiday celebration:

- Consider hosting it outside or in a well-ventilated area
- Try to stay 6 feet apart
- Include people only from your local area if possible
- Limit the number of guests
- Encourage guests to wear masks whenever possible
- Wash your hands and use sanitizer often (don't share or swap sanitizer bottles)

There are more recommendations depending on whether you're hosting a gathering, attending one, or traveling outside your local area. If you or anyone in your household has been diagnosed with COVID-19 – or you have come into contact with someone who recently tested positive – you should refrain from attending holiday gatherings until you have been cleared.
