Auto • Commercial • Home • Boat • Motorcycle • Health

Finding an affordable healthcare plan that you can rely on is easy with Estrella Insurance. Why? Because we work with every ACA insurer to help you compare your options. We're experts at getting you the coverage that meets your needs and budget.

It's a good idea to reevaluate your options every year, especially if you don't have employer-sponsored health coverage. Here are just a few reasons:

**Plans, benefits, and prices change every year.**

You could qualify for certain subsidies or tax credits. There's no cost or obligation to sit down with us.

**So how do you get started?** You can reach us online, by phone, or visit your local Estrella agent in person. We can advise you on your plan options, get you the best price, and give you 1-on-1 guidance through the enrollment process.

For more information, call 1-888-511-7722 or click on the button below.

## 5 Simple Fall Car Maintenance Must-Do's

Whether you're loving the overload of pumpkin spice or enjoying a cool down in the weather, you can't ignore the fact that Fall is here. While you start preparing for the holidays, don't forget that your car needs a little TLC too!

Now's a great time to take care of your vehicle by following these five easy maintenance tips.

1. Replace your windshield wipers and refill washer fluid. The summer sun could have caused your windshield wipers to crack, which means they might not be as effective for the remainder of the year. Most auto parts stores will confirm the best wiper size, and we also recommend using a washer fluid that has bug removal and prevents water beading.
2. Check your lights and signals. As the days get shorter, you will most likely find yourself driving more at nighttime. Take some time to turn on your headlights, the high beams, and brake lights to ensure they are all working.
3. Keep your car looking great. Giving your car a good wash will help it feel fresh again. It will also help remove things like sap, bird droppings, or magnesium chloride from the paint. If you have time to wax the vehicle, it will help the exterior of your car stay in prime condition as long as possible.
4. Inspect your oil. Oil keeps your engine happy, and the engine keeps your car running, so this one is crucial! If your oil levels are low, it's essential to make sure that you add more oil or take it to a shop for an inspection.
5. Check your tires. Making sure that your tires are in good shape is not only a way to save money by increasing your gas mileage, but tires in poor condition can also be a major safety issue.

Here's a money-saving tip that's perfect for any time of the year! With Estrella Insurance, you can get the **LOWEST** price on car insurance, guaranteed! Get a quote in just minutes. Call 1-800-CAR-INSURANCE or visit [here](#).

Are you making plans to travel this holiday season? While restrictions have eased up, we're still in the middle of a pandemic, and there are a lot of safety measures you should still keep in mind. As you're planning your trip, it's good to be mindful of every possible scenario you could encounter. By taking a proactive approach, you can help keep yourself and those traveling with you safe.

Here are some recommendations from the CDC:

- If possible, delay travel until you are fully vaccinated.
- Whether you are fully vaccinated or not vaccinated, it is still required that you wear a mask over your nose and mouth while traveling by plane, bus, train, or other types of public transportation.
- In areas with high numbers of COVID-19 cases, consider wearing a mask in crowded outdoor settings.
- Self-monitor after traveling in case you develop any symptoms.
- You do NOT need to get tested or self-quarantine if you are fully vaccinated or have recovered from COVID-19 in the past three months.
- If you are not fully vaccinated, it is recommended to do a viral test 1-3 days before your trip.
- Check travel restrictions as both domestic and international locations have different mandates in place.
- Continue to wash your hands frequently for at least 20 seconds, use hand sanitizer, and use sanitizing wipes on frequently touched areas.

**Be smart and develop a game plan beforehand. Happy travels!**
