## NOW'S THE

If you think having medical coverage is too expensive, think again. Whether you're a young adult who recently lost their coverage from your parents' plan, are a family without health benefits from your employer, or an individual who feels healthy and may not think they need to be on a plan, the benefits of an Affordable Care Act (ACA or Obamacare) Plan highly outweigh not having health insurance.

We work with the top providers and offer the maximum subsidies to provide you with options that fit best with your needs. **You could potentially get your coverage for as low as \$0.**

Here are just a few of the benefits you would be able to take advantage of upon enrollment:

- **Coverage for many screenings and preventive services.** If you're proactive in your healthcare, you can avoid significant health problems later.
- **Prescription drugs cost less.** The amount of brand names and generic drugs covered under these plans has increased significantly in the past few years.
- **Coverage for people with pre-existing conditions.** Under the ACA, you can't be denied coverage because of a pre-existing health problem.

Don't be left without health insurance and enroll before the January 15 deadline!

### **Windshield Repair: Is it Covered?**

A damaged windshield on your car can lead to all kinds of hazardous situations. They can get worse over time, and if it interferes with your wipers, it could lead to a citation. But did you know that Florida has a law that prohibits insurance companies from charging a deductible for windshield glass repair? Whether the windshield was damaged in a hurricane, vandalism, or while driving, your insurer must pay for any windshield or repair if you have a comprehensive car insurance policy.

If you have questions about your coverage or wish to re-evaluate your policy and options, contact an Estrella agent today.
