Although it seems like it just ended, Hurricane Season is here again. NOAA predicts 14-21 named storms, 10 hurricanes, and 3-6 major hurricanes. Now is the time to start preparing your home if a storm comes our way.

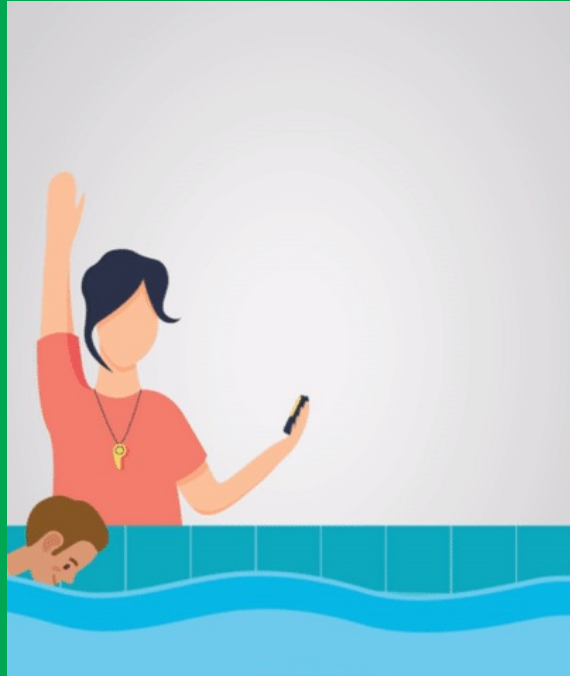

Here are a few tips for some steps you can take:

- Review your homeowner's/renter's policy
- Review/update your auto insurance policy (especially if you bought a new car or moved)
- Ensure you have proper flood insurance
- Make plans if you have to evacuate
- Make a plan for your pets
- Inspect hurricane shutters & make sure you have enough bolts/screws
- Test your generator
- Inspect your roof & make repairs if necessary
- Trim trees & schedule a bulk removal pick up ahead of time
- Make plans to store, move, or secure your boat

Florida leads the nation in drowning deaths. Drowning is the 2nd leading cause of death of kids ages 1-14. Florida is surrounded by water, from the ocean and lakes to backyard pools and hot tubs. Even a bucket or tub filled with water can be a drowning hazard. Here are some essential tips to keep your kids safe this summer.

1. Enroll your kids in swimming lessons with a certified instructor
2. Always supervise kids in water (designate one person to watch)
3. Install fencing around the pool
4. Put life vests on new/young swimmers
5. Stay in designated swimming areas (at the beach/lake)
6. Empty buckets, coolers, containers & tubs after use
7. Learn child/infant CPR

As gas prices rise dramatically, you may be considering buying an electric vehicle (EV) to save money at the pump. Let's look at some of the benefits (and drawbacks).

SAVINGS ON EV OWNERSHIP vs. COSTS

- Overall electricity costs less than gas
- Lower regular maintenance costs (i.e., oil changes, filter replacements, tune-ups, exhaust repair)
- May qualify for Federal Tax Credit of \$2,500-\$7,500
- May qualify for state incentives/tax credits
- Produce fewer emissions than gas-powered cars (better for the environment)
- EVs are more expensive to buy than gas-powered cars
- You might need to install a home charging station
- Expensive to replace electric batteries

VACATION PLANS?

Protect your home when you're away.

Going on vacation? Thieves love that. Take steps to protect your home while you're gone. Here are some tips to follow.

1. Invest in a security system with cameras
2. Use a timer for lights
3. Have a neighbor or friend check on your house
4. Keep a car in the driveway
5. Put a hold on your mail/newspapers or have someone collect it

Finally, ensure you have enough coverage to repair or replace your belongings if you do experience a break-in. Click [here](#) for more information.
